Tenant Information
2026 Annual Apartment Registration

Owners of buildings subject to rent stabilization must annually file registrations reporting the apartment status on April 1st with our office and provide a copy to the tenant.

Any owner who collected a preferential rent from a tenant on or after June 14, 2019, is required to continue to offer and collect the preferential rent for the duration of the tenancy, subject to lawful increases. Certain government regulatory agreement/financed affordable housing programs may not be bound by this limitation.

Regulatory agreements issued and approved by a state or municipal agency or other designated party may provide for actual rents that are higher than legal rents and preferential rents, as long as a government program provides rental assistance for the apartment. The tenant share is governed by the agency providing rental assistance and the regulatory agreement. The actual rent must also be separately registered. When the rental assistance ends, either during a tenancy or upon vacancy, the lesser of the lower legal rent or preferential rent plus any lawful adjustments or a lower rent established by the regulatory agreement must be charged. This requirement is stated in plain language in DHCR Notice RA-LR3, which must be attached to all leases when higher actual rents are being charged.

Increases in legal regulated rents are subject to the limitations provided by lease guidelines established by the local rent guidelines board and other lawful increases for apartment and building-wide improvements.

To collect an Individual Apartment Improvement (IAI) rent increase, a notification form must be filed with DHCR. A Major Capital Improvement (MCI) rent increase must be approved with a DHCR written order. Please refer to DHCR Fact Sheet #26.

As of July 1,2026, the total household income for a Senior Citizen Rent Increase Exemption (SCRIE) or Disability Rent Increase Exemption (DRIE) cannot exceed $75,000. For SCRIE and DRIE, more than 1/3 of the total household income must be paid toward rent. For SCRIE, the tenant or tenant's spouse must be 62 years of age or older. For more information, tenants in New York City can visit nyc.gov or call 311, and tenants outside of New York City can visit hcr.ny.gov or call 914-948-4434. Please refer to DHCR Fact Sheets #20 and #21.

Los propietarios de edificios sujetos a estabilización de alquileres deben presentar anualmente a nuestra oficina registros para reportar el estado del departamento el 1 de abril, y entregar una copia al inquilino.

Todo propietario que haya cobrado un alquiler preferente a un inquilino a partir del 14 de junio de 2019 está obligado a seguir ofreciendo y cobrando el alquiler preferente durante toda la ocupación del inquilino, sujeto a los aumentos legales. Ciertos acuerdos regulatorios gubernamentales y programas de financiamiento de vivienda asequible podrían no estar vinculados por esta limitación.

Acuerdos regulatorios emitidos y aprobados por una agencia estatal o municipal u otro partido designado podría proveer para alquileres actuales que son más altas que los alquileres legales y alquileres preferenciales, siempre y cuando un programa gubernamental provee la asistencia de renta para el apartamento. La porción del inquilino está gobernada por la agencia que provee la asistencia de alquiler y el acuerdo regulatorio. El alquiler actual también debe ser registrado separadamente. Cuando la asistencia de alquiler se termina, ya sea durante la tenencia o al desocuparse el apartamento, el menor del alquiler más bajo o el alquiler preferencial más cualquier ajuste legal o el alquiler más bajo establecido por el acuerdo regulatorio debe de ser cobrado. Este requisito está declarado en lenguaje sencillo en la Notificación RA-LR3 de DHCR, que debe de ser adjuntado con todos los contratos de arrendamiento cuando se estén cobrando alquileres actuales más altos.

Los aumentos a los alquileres regulados legales están sujetos a las limitaciones provistas por los lineamientos sobre arrendamientos que establezca la junta de lineamientos de alquileres de la localidad y a otros aumentos legales por mejoras al departamento y a todo el edificio.

Para cobrar un aumento de alquiler por mejoras individual en el apartamento (IAI), se debe presentar un formulario de notificación ante la DHCR. Un aumento de alquiler por mejoras de capital importantes (MCI) requiere la aprobación de la DHCR mediante de una orden escrita. Por favor, consulte la hoja informativa 26 de la DHCR.

A partir del 1 de julio de 2026, el ingreso total del hogar para calificar para una Exención por Aumento del Alquiler para Adultos Mayores (SCRIE) o a la Exención de Aumento de Alquiler por Discapacidad (DRIE) no podrá exceder los $75,000. Para los programas SCRIE y DRIE, más de un tercio (1/3) del ingreso total del hogar debe destinarse al pago del alquiler. Para calificar para SCRIE, el inquilino o su cónyuge debe tener 62 años de edad o más. Para obtener más información, los inquilinos de la ciudad de Nueva York pueden visitar nyc.gov o llamar al 311, mientras que los inquilinos fuera de la ciudad de Nueva York pueden visitar hcr.ny.gov o llamar al 914-948-4434. Por favor, consulte la hoja informativa 20 y 21 de la DHCR.
